Invented for life

Join our FREE Bosch IDS Family & Climate 5000 Training

Bosch IDS Family

The robust Bosch Inverter Ducted Split Air Source Heat Pump system utilizes just the right amount of energy to achieve ultimate comfort at maximum efficiency while keeping sound levels to a minimum.

This Training Will Cover

- ▶ Bosch IDS introduction
- ▶ Installation procedures
- ▶ Understanding IDS manual
- ▶ Wiring low / high voltage
- ▶ Refrigerate charging
- ▶ Frequent Asked Questions

Bosch Climate 5000 Ductless Series

The Bosch Climate 5000 Ductless Series provides simple installation, maintenance, and cleaning. Shorter service times and high quality mean minimizing money spent while maximizing comfort and peace-of-mind. The Climate 5000 System utilizes a combination of efficient technologies to achieve up to a 28 SEER rating, reducing electricity usage and lowering your electric bill.

This Training Will Cover

- ▶ Product introduction
- ▶ Installation procedures
- ▶ Understanding the manual
- ▶ Wiring & connections
- ▶ Start-up
- ▶ Frequent Asked Questions
